Gosa Girma

Full-Stack Web Developer (MERN & TypeScript)

gosagirma441@gmail.com | Adama, Ethiopia | gosagirma.me
https://github.com/gosag | www.linkedin.com/in/gosa-girma-b7b256326

Executive Summary

Full-Stack Developer specializing in MERN and TypeScript, focused on building
AI-powered applications with scalable backend systems and polished UI.
Built and deployed production-ready platforms integrating Gemini AI,
type-safe APIs, and real-world user workflows. Strong emphasis on
performance, system design, and end-to-end product ownership.

Professional Experience

Independent Software Developer
2024 – Present

- Built and deployed full-stack applications using MERN + TypeScript stack
- Designed and implemented scalable backend APIs with validation using Zod
- Deployed production apps via Vercel and Render with CI/CD workflows

Languages

TypeScript • JavaScript (ES6+) • HTML5 • CSS3

Frontend

React.js • Tailwind CSS • Shadcn/UI •
Framer Motion • Responsive Design

Backend

Node.js • Express.js • RESTful APIs •
Zod (Schema Validation)

Main Projects

EchoStudy — AI-Powered Study Hub
Full-Stack Developer

- Built a full-stack AI-powered learning platform using MERN + TypeScript
- Integrated Google Gemini AI for automated summarization and quiz generation
- Designed type-safe backend APIs using Zod, reducing runtime errors
- Implemented spaced-repetition-ready architecture for scalable learning features
- Deployed on Render with stable uptime and production-ready configuration

Movie App — Cinematic Discovery Platform
Frontend Developer

- Developed a responsive movie discovery app using TMDB API
- Designed a mobile-first UI for seamless UX
- Optimized performance for real-time search and dynamic routing

Database

MongoDB (Aggregation Pipelines, Schema Design)

DevOps & Tools

Git • GitHub • Vercel • Render • Postman

Core Competencies

- End-to-End Full-Stack Development & Deployment
- Scalable & Type-Safe API Architecture
- Responsive Ul Engineering (React + Tailwind)
- Al Integration in Web Applications
- Performance Optimization & Product Thinking
